GSK Dungarvan invites students, parents and teachers to a special event marking Science Week

Explore Careers in Chemistry with GSK and WIT

When: **4 – 6pm on Wednesday, 14 November 2018**

Where: **GSK's OTC manufacturing site, Dungarvan, Co Waterford**

Who: **For students, parents and teachers**

Registration is free: Visit <https://www.surveymonkey.com/r/FXGCMVK>

Meet GSK employees working in the Quality and Technical functions, find out about their jobs and career paths. Hear from WIT about science courses available and discuss subject choices for Leaving Certificate.

On Wednesday, 14 November GSK and WIT will host an information evening (4pm - 6pm) for students, parents and teachers to explore the range of science based careers at GSK Dungarvan. This event will take place at GSK's OTC manufacturing site in Dungarvan where pain relief products are produced, packaged and shipped to more than 70 markets worldwide.

GSK Dungarvan is proud to partner with WIT Calmast to promote STEM in the south east of Ireland. This special event is part of the programme for the South East Festival of Science to celebrate National Science Week.

Places are limited to 100 people. Advance registration is required and guests are required to present photo ID on arrival to GSK.Security. An information email will be sent on 12 November to all who register with further details.
